

I spend a lot of time in my car and on the road. I want the choice of Instant Travel and Weather. I bought XM Radio for 2 reasons, traffic weather in the cities I travel to and accurate reports neither of which I have been able to get from Broadcast radio in the 13 states I cover. The second reason is for the broadcast news available wherever I go, from CNN, Fox, BBC, etc. What will be next the networks like ABC, CBS, and NBC, petitioning to remove the news because they are not on XM?
